When a breakdown of how extra will be spent was requested it was explained as – admin costs & potential conference

It was **AGREED UNANIMOUSLY** to increase annual subscription from £15 to £20.

**11. Road Policing Update, Chief Inspector Kendal Wells, Sussex Police**

CI Kendal Wells introduced himself as working within the Operations Command and Partnerships Team within Sussex and Surrey Police. Before he took on his current role in April 2022 he was a District Inspector at Wealden in East Sussex.

The Chief Inspector shared the attached a presentation and highlighted:

- Operation Downsway is a Police led operation aiming to tackle anti-social driving and riding on the roads of Sussex and is used to target areas of concern to local communities
- All town and parish councils in Sussex were invited to road safety briefings held by Sussex Police
- Mobile camera vans have captured 480 incidences of speeding, 585 tickets have been issued and 76 arrests made from April to date
- 76 vehicles have been taken off the road
- A video explaining Operation Downsway in more detail can be viewed at [Operation Downsway - YouTube](#)

CI Wells explained that he also works with the SSRP (Safer Sussex Roads Partnership) as a link between the SSRP and the community. He added that the SSRP is made up of partners from the Police, Brighton & Hove, East & West Sussex County Councils, East Sussex Fire & Rescue and Highways England. The goal of the SSRP is to reduce the rate of those killed and seriously injured on Sussex roads and to make the road safer.

The Chief Inspector is working with the SSRP to place more mobile cameras in positions of concern to local communities.

The SSRP runs campaigns and may be able to attend community events to promote road safety. The Campaign Officer can be contacted at [Tom.hart@sussex.police.uk](mailto:Tom.hart@sussex.police.uk)

SSRP have a wide presence on social media:

Q: How can a parish council become more involved with installing cameras in their area? Are there projects that either this association or individual councils can subscribe to?

A: The criteria for cameras is set nationally and the criteria has not been updated since 2007. Criteria used in other areas is being explored where successful schemes have been implemented. There is an engineering group within the SSRP where areas of concern in the local community are taken to the group, solutions are then sought in consultation with Highways. If a need for camera is established the matter will be progressed further with the hope that the sight will be approved.

If any council has an area of concern they can contact CI Wells, providing details and data, he can then raise and progress the matter if necessary.

Q: Can any action be taken regarding dangerous use of e-scooters?

A: Operations are in place to target dangerous use of e-scooters, they can be seized. If there is intelligence regarding dangerous use, please report it.

Q: Can legislation be updated regarding noisy vehicles?

A: There is no legal noise limit currently set in legislation and it is therefore difficult to prosecute and target offenders. Two bids have been submitted for acoustic camera trials in the Horsham area, Sandygate Lane, Lower Beeding and the A29 southwards, these are not guaranteed as the trial is being run nationally.

Q: Are parish councils able to view data regarding traffic incidents in their local area?

A: A map published by the SSRP is available to view <https://ssrp.shinyapps.io/dataportal/>

Q: Are the Police responsible for controlling illegal parking at crossings?

A: The Police are not responsible for controlling parking in general. Incidences of dangerous parking however should be reported to neighbourhood policing teams. It is difficult to prosecute on the back of video or photographic evidence as currently by law the offence has to be committed in sight of an officer.

The Chairman thanked Chief Inspector Wells for attending and further thanked him and Sussex Police for the work they do in keeping communities safe.

**12. Members issues**

Cllr Paul Kornycky (Rudgwick PC): raised the issue of poor sound transmission during HDC remote meetings resulting in parts of the meeting being unable to be heard. The Chairman will raise the matter with HDC on behalf of HALC.

Cllr Owen Hydes (Nuthurst PC): questioned whether members councils of HALC are experiencing issues with some developers disregarding planning rules. In response, some member councils are experiencing issues however it was acknowledged that HDC are fortunate to have an enforcement team and that the majority of developers do not disregard planning rules. The Chairman suggested we should raise the matter at the 27th July meeting with HDC.

Cllr Terry Oliver (Broadbridge Heath PC): suggested that S106 agreements should be better expedited by HDC.

**13. Dates of next meetings**

- Wednesday 27<sup>th</sup> July @ 6pm by Zoom – HDC Water Neutrality Briefing
- Wednesday 12<sup>th</sup> October @ 7pm by Zoom – HALC meeting

## **Horsham Association of Local Councils (HALC)**

### **Chairmans Report**

**July 2022**

Following the changes in March 2021 a new HALC Board was formed consisting of myself, Graeme Acraman (Vice Chairman), Donald Mahon (WSALC Board Director) and Anna Beams (Secretary & Treasurer). Recently Graeme resigned as a Parish Councillor therefore the position of HALC Vice Chairman is currently vacant. We would like to thank Graeme for making a difference through his positive and active approach to the work of HALC and wish him all the best for the future.

Our initial focus was on ensuring a smooth transition of work from the retiring Secretary, setting up access to the bank account and various administrative arrangements. HALCs finances and administrative matters were and still are sound and so much of this work was about transition rather than building something new.

In parallel the Board have been supportive of the new Directors and Board Members of WSALC with myself and Donald representing you on that Board. Over the last 15 months WSALCs activities have also stabilised and through the service support and training arrangements with Mulberry & Co continuity for the parishes has been achieved. One feature of the new WSALC Board is that it has sought to be much more inclusive of Parish Clerks with two now sitting on its Board as non voting members. WSALC update sessions are also run for Parish Clerks as well as Parish Councillors. We have also promoted the new County Forums as our opportunity to speak to County Councillors on a range of subjects.

One of my own goals as Chairman was to strengthen the relationship with Horsham District Council and to ensure that HALCs voice and priorities were clear. Through nobody's fault during the covid pandemic and lockdowns this dialogue had become less and less. We needed to reestablish and reenergise. This has involved a number of phone and zoom calls and meetings with the CEO and Leader as well as the Head of Place and her team. All of these contacts have been open and honest with views, not always in agreement, but expressed clearly and with respect. Links have been rebuilt and it is notable the Horsham District Council staff members and councillors have started to seek HALC views on a range of topics and are communicating more frequently with their parishes and town councils. With the changes in Leader and CEO we need to ensure that these links continue to be fostered.

Specifically during the last year we have had exchanges with Horsham on progressing Neighbourhood Plans that are ready to move to referendum, Water Neutrality, the new Local Plan incorporating "understanding" workshops for parish and district councillors and 5 year housing supply. We have put two Councillors forward to work on the Climate Change Group and increased the focus on Nature Recovery networks and the knowledge and support that our communities can offer to the work of Horsham's partnership with Sussex Wildlife Trust.

Four HALC Meetings have been held including a face to face meeting at Horsham's offices. We have also agreed that HALC meetings will be held via zoom in the main part as we get better attendance and keep costs down. We have tried to focus on topics that are of interest to our members including the impact of the expansion of Gatwick airport but would encourage you all to come forward with ideas and speakers which would be relevant.

I would like to thank members for their support for HALC. The Chairman of WSALC has commented that we are the most active of the Local Associations and much of this is the result of your active participation and the receptive approach adopted by our colleagues at Horsham District Council. Long may this continue.

HDC Standards 'Committee  
15<sup>th</sup> June 2022  
Report by Parish Representatives

The Agenda and Papers for the meeting can be found on the HDC website under Standards 'Committee Meetings – so they are not reproduced here. Key points are reported below.

Election of a Chairman: Cllr. Diana Van der Klugt was elected Chair. Cllr. van der Klugt recorded thanks to Cllr. Donnelly previous Chairman, for his past service on the Standards 'Committee; welcomed Councillors new to the Committee; and welcomed back the Independent Person present (John Donaldson) and the two Parish Representatives (myself and Stephen Watkins).

Election of Vice-Chairman: Cllr Peter Burgess was elected Vice-Chairman.

Announcements from Chair: Cllr. van der Klugt recorded the sad news that Mrs Mary Burrows (Senior Clerk to Slinfold Parish Council) had passed away on 3rd June. Condolences were expressed. Meetings of the Standards 'Committee are currently scheduled for 14th September 2022; 30th November 2022 and 15th March 2023.

Update on Review and Support for Steyning Parish Council: the Monitoring Officer (MO) reported that 70% of complaints received by HDC had been about Steyning Parish Council (SPC); they had incurred 80% of HDC's costs on complaints work amounting to some £65,000. At a previous meeting the Committee had decided to instruct a company (Hoey Ainscough) to assist; and had budgeted £20,000 for the work. The hope was to achieve a review of SPC processes and procedures to ensure that 'the right tools were in place'; to understand SPC's underlying issues; to work more effectively together; to try to ensure high standards and good governance; to ensure understanding of the roles of Members and of Officers; and finally, to develop an action plan to assist HDC with monitoring progress. The review had started. There were to be face-to-face interviews with SPC Councillors and Officers, starting on 23rd June. The aim was to have a final report by the end of July but it was recognised that this might be optimistic and a more realistic estimate for that would be some time in August. The Committee noted that SPC had adopted the new Code of Conduct; and would now await the report from Hoey Ainscough.

Government Response – Review of Local Government Ethical Standards: Many of the Best Practice recommendations had been adopted by HDC. The MO referred to main Recommendations of the Report. The Committee on Standards in Public Life had found evidence that the majority of Councils maintained high standards of conduct, although some did not – there was some evidence of bullying, other disruption, and persistent or repeated misconduct – by a small minority of Councillors. The Report was felt to be highly disappointing from HDC's point of view – principally because it lacks strong sanctions against offenders. The MO referred to key Recommendations

Rec 2: The government should ensure that candidates standing for or accepting public offices are not required publicly to disclose their home addresses; and the Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012 should be amended accordingly. The MO noted that under current Rules, to be lawful, all Members should disclose their home addresses but there are circumstances which permit 'internal' registration of addresses with Monitoring Officers. HDC will be considering this.

Rec 5: The Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012 should be amended to include unpaid directorships; trusteeships; management roles in charities or bodies of a public nature; and membership of any organisations that seek to influence opinion or public policy.

## Appendix D

The changes recommended are to reflect the language used in the model Code of Conduct. The government will keep this under review – it had no immediate plans to change the Regulations.

Rec 8: The Localism Act 2011 should be amended to require that Independent Persons are appointed for a fixed term of two years, renewable once. This Recommendation had not been accepted and that was considered to be A Good Thing considering that Independent Persons were quite difficult to recruit. Some are shared amongst Authorities for this reason.

Recs 10, 16 and 18 were briefly reviewed together:

Rec 10, A Local Authority should only be able to suspend a councillor where the Authority's Independent Person agrees both with the finding of a breach and that suspending the Councillor would be a proportionate sanction;

Rec 16, Local authorities should be given the power to suspend councillors, without allowances, for up to six months; and

Rec18 the criminal offences in the Localism Act 2011 relating to Disclosable Pecuniary Interests should be abolished.

There is no provision in current legislation to suspend a Councillor who is in breach of the Code of Conduct. That was a policy decision taken at the time of the Localism Act 2011. The government's view was that the proposal would effectively reinstate the previous, flawed, regime. Moreover, it would be undesirable for a government 'quango' to police the free speech of Councillors; and equally undesirable to have a council body (appointed by councillors, and/or made up of councillors) sitting in judgment on the political comments of fellow Councillors. Councillors can be barred from Cabinet, Committees, or representative roles, and may be publicly criticised. All councillors are ultimately held to account via the ballot box.

The Government will engage with sector representative bodies of Councillors and Officers of all tiers of local government to seek views on options to strengthen sanctions to address breaches of the Code which fall below the bar of criminal activity and related sanctions but involve serious incidents of bullying and harassment or disruptive behaviour.

The Government does not agree with Recommendation 18, but believes the criminal offence of a non-disclosure of pecuniary interest to be a necessary and proportionate safeguard and deterrent against corruption.

Councillors do not have a right of appeal against any sanctions that might be made against them and a consequence of Recommendation 10 would be to confer that right.

The opinion was expressed that LAs should be able to suspend Councillors where that was felt to be a proportionate sanction and there would need to be a right to appeal to a Local Government Ombudsman – there is no right of appeal currently.

The Committee noted that an ability to suspend Councillors for 6 months could have undesirable consequences for freedom of speech; and that only three of HDC's local Councils had not adopted the new Code of Conduct.

Standards Update: for the first time, there were no current outstanding Code of Conduct complaint cases. Total Code of Conduct complaints for the first quarter of the current financial year amounted to 34: 26 related to Steyning; 3 related to HDC Councillors, 2 to West Chiltington, and 1 each for

## Appendix D

Henfield, Nuthurst and Storrington and Sullington. The new procedure that had been brought in last year assists greatly. Now that most Councils were working from same Code, with the guidance that accompanies it, simplifies the procedure. The general view of Code of Conduct matters was positive – largely as a consequence of the major improvements to the process of dealing with complaints. It was also felt that appropriate training for Councillors and Officers in relation to the new Code ought to start as soon as possible (i.e., not to await the new intake of Councillors from the next elections).
