5. Reports from District & County Councillors

Cllr Barling gave his apologies, noting that there were no updates from WSCC specific to Ashurst.

Cllr Lloyd updated the Council on HDC's current review of waste collection in rural areas, where there is no kerbside collection. This is because there are around 600 properties for whom there may be a different form of collection more suitable, as it is costly for the Council to collect from long private drives. The results from this are anticipated in the next 2-3 months. This will mean that bins will be at the edge of the property.

There are changes to the Neighbourhood Plan expected in the coming months. The inspector of the plan may be in a position to decide whether they would like to see more houses at a particular site at the point of making the plan. A developer could also ask for more houses to be allocated to a site.
